Information Bulletin Nr 2

7th European Deaf Volleyball Championship
Kortrijk - Belgium 11-19 May 2007

Hello everybody

We have lost a lot of time because we were waiting very long for answers we need. The Belgian Deaf Federation is now still waiting for important information from the EDSO but so far, no clear answers are given to us ..

At this moment we have 7 Women teams (Belarus – Russia – Italy – Slovakia – Ukraine – Germany and Czech Republic) and 9 Men teams (Belgium – Belarus – Russia – Turkey – Slovakia – Italy – Ukraine – Germany and Austria).

The game schedule is a big problem – we are waiting for a clear answer and decision of the EDSO delegates (and Board). We have also asked to let us know why (based on what rules) our first draw was not correct – nobody has given us a clear answer...

The women teams should play in 2 groups (in our draw) but in the draw of Mr. Romantsov, all women teams are in 1 group. That is a big change in such a short time .. unacceptable.

That unforeseen change means 5 more matches for women teams (5 more referees and all assistants), that also means that we cannot play finals for women teams, that also means that our plans to play the semi-finals and the finals for men and women teams will not be played on centre court but have to move to an other field because of the fact that the women teams are having such a heavy program ... we can not accept this.

Anyway, we have to go on.

All information can be found on our website www.deafvolleyec07.eu

HOTELS

Some countries have been fast (and in time) to book their hotel rooms and gave us the booking information (thank you very much Austria, Belgium, Belarus and Germany).

Other countries like Russia, Turkey, Slovakia, Italy, Ukraine and Czech Republic have not booked yet ??

DEADLINE of our hotel reservations was 1st March 2007 !! To give the other countries one more chance to find hotel accommodation, we have agreed for a new deadline : 15th March 2007. After that date, we cannot guarantee that rooms will be available for groups ..

To avoid misunderstandings : WE DO NOT MAKE HOTEL RESERVATIONS !! That is for the countries - they have to contact the hotels directly and make the arrangements for reservations (our code will help them to use our “pack” that we have reserved).

For more info – see our first information bulletin or visit our website.

TRANSPORT

As promised, we can provide transport from the airports or railway stations for the teams who have booked their rooms via our code and who have asked it to us. All other teams will provide in their own transport.

We would like to ask every team to fill in our arrival / departure form (see annex 1).

THAT IS VERY URGENT – WE NEED YOUR ANSWERS BEFORE 18th MARCH 2007.

Sorry for this short term – because we have lost so much time in the problems of the EDSO, we are now hoping that you will understand us and answer quick.

Players

Mr. Vassyl Sandugei has send on 5th March 2007 2 documents. For registration of names of players and officials (men and women teams).

These are important documents – we would like to ask you to send a copy of these documents to us. (because correct and quick communication is often a big problem ...)

PLEASE give copy of registration forms to organizing committee on the mail address :

info@deafvolleyec07.eu

But .. we need more : we also need photo's of every player (women / men) and official to make the passes for acces to the sport venue and for the free transport between hotel and sport-venue.

Without photo's, we cannot make these passes in time. PLEASE before 01.04.2007. Don't forget to write the names of the players on the back of the photo's ☺

For our programm book, we also need a nice photo of your team (a group photo) in good quality – that can be send to us by mail too. We will publish the team-photo's on our web-site too.

Please before 01.04.2007.

That's all – for further information, send us a mail or contact the EDSO delegates (Sandugei / Romantsov). Good luck !

For the organisation committee,

Andre Lathouwers

President O.C. of the EDVC
