2nd EUROPEAN JUNIOR ATHLETICS

CHAMPIONSHIPS

21-23 AUGUST 2014

TRABZON, TURKEY

NO. 1

TRABZON CITY

The modern city of Trabzon is the largest port along the Black Sea coast, and at beginning of Caucassia and Iran transit road. Since the collapse of the Soviet Union, there has been an influx of traders from the CIS, especially neighboring Georgia, and the city is becoming more cosmopolitan.

SÜMELA MONASTERY

This Greek Orthodox monastery was constructed within a cavern in the middle of a steep slope above dense forests, and lies 45km south of Trabzon. This was the most important of many monasteries built in the area during the Byzantine era and the best preserved, even after it was abandoned in 1923 when the Turkish Republic was created. Several years later one of the monks discovered treasures – including the famous icon said to have been painted by St Luke and responsible for several miracles. Recent restorations have enhanced the quality of the different chapels, some of which contain frescoes dating back to the 9th century
