F.E.D.S. SALIDA	
Nº Reg.:	044/ 10

Madrid, a 27 de mayo de 2010

Dear: Vasyl Sandugei

I wrote this op to inform you that we have changed the European Championship Mountain Bike for the Deaf, the reasons why we have taken this decisive are among others the budget so high that we present: the committee and organizer and little collaboration by the municipality, on the other hand, we find greater receptivity in the town of Masquefa (Barcelona), and the commitment of the Committee Mountain Bike of the FEDS (Sergio Ledesma) to seek a budget that fits the real situation of the FEDS. Hoping that everything can come out satisfactorily with the change, hope your Approval to continue with the Limits required.

Best regard
