

**Inspection for the European Deaf Tennis Championships 2008
in Bucharest/Romania
from the 10th till 12th January 2008**

We were received by the organization committee Florin Nitu, chairman in Pro Deaf Sport Club Bucuresti and Dumitru Dumitru, chairman Sportclub for deaf in Bucharest. We were quartered in 4 star hotel Rin Grand which were opened december 2007. Big hotel with 1459 rooms, biggest in Europe. It will be the quartering during European Deaf Tennis championships. The distanse between hotel and courts are about 6 km. They wanted to arrange transportation between airport, hotel and tennis courts.

We drove to the Teninis facility and met the director Centru National of Tennis. Elena Bolanu, we went trough program, regulation and more.

We inspect tennis facility, but because of the snow on the floor, we could` t see the 10 courts exactly. There are red gravel court. We got a tour of the fasillites, like wardrobe, shower, toilett. There`s a resturant near to courts and they have good selection of meals. Later at hotel Rin, we had meeting with organization committee and went trough inspection and the checklist.

Florin Nitu is a committed person and they wanted to ansure a successful arrangement

Saturday morning we went to the other Tennis facility from BNR Arena (in September is an ATP-tournament) with also 10 courts but this was too expensive.

The EC is taking place in the facility we had seen at first.

After the inspection we went to the Parliament Palace and got free entry to many big luxury halls. We would recommend a visit.

I hope that many nations will make their final entry soon. Actually the inspection was planned for the last year but we had to change the date some times regarding the death of the president Mr. Iosif Comsa.
