

**Report 7
from 1. March 2012**

Special Meeting - 10 Hours

That was very important that it conducted two special meeting for the future. At the first meeting I distribute the various information and draft proposals. All team captain have read through. Today is the second and last special Meeting: it was a lot of ideas without complications. Over the world rank list, applicants usually ski, we found all solutions. For me this was much easier. Since I will continue to develop and send the new update to all countries.
